FRUIT PASTE

The perfect partner on a cheeseboard, these delicious fruit pastes partner beautifully with brie, ricotta or a tasty blue. We have lowered the sweetness so the fruit flavour sings out - and have rounded off the beautiful flavours with a touch of spice. Wonderful on a fruit pizza, inside any type of sandwich or soft centre muffin - their uses are endless. It's all about being creative.

Packaging: convenient 1.2kg jars

Available in the following flavours:

- Feijoa GF
- Quince GF

Please note the initials 'GF' denote gluten free.
